

FSVC Hospital Hours and Emergency Policy

Modified 01/30/2023

Please contact us during our regular office hours M-F 8am-5pm. Please note we're closed on Saturdays and Sundays, along with any day that occurs on a major holiday. If after-hours or if you're uncertain your pet needs emergency care please call the Animal Emergency Clinic of Springfield or this 24/7 Registered Veterinary Technician Hotline at [647-695-5411](tel:647-695-5411).

We do not provide 24-hour per-day monitoring of patients. Should you wish or if your pet requires to be monitored 24 hours per day we will make arrangements to have your pet transferred to the Animal Emergency Clinic of Springfield or specialty clinic.
